

MSSAA Mission Statement

Serving the needs of middle level and high school administrators

The Massachusetts Secondary School Administrators' Association shall support the best possible educational opportunities for middle level and high school students throughout Massachusetts by initiating leadership training and providing services designed to improve administration and instruction. The Association shall advocate positions on significant statewide educational matters. MSSAA will supervise and administer non-athletic activities. The Association will provide extensive professional development opportunities for its members to enhance their ability to function successfully as educational leaders, and provide procedural information to them in matters of professional status.
